

## TEST YOUR BASIC MATH SKILLS

### Calculator Functions

- + = Add
- - = Subtract or Takeaway
- ÷ = Divide
- x = Multiply
- '=' Represents equals

This basic math skills test is designed to help test your basic math knowledge that you will be required to perform as a CPO® graduate. This is also your chance to make sure that you are familiar with using a calculator. The answers to these basic math questions are found on the next page, but try not to look until you have completed all the questions. Students who are familiar with basic math find they get a lot more out of the CPO® course. Simply circle your answer choice.
